# Mitchell's Mausers Letter of Provenance

It is hereby certified that the

**Mauser Rifle Model K98**

Bearing Serial Number 3778 D

is an original Mauser Rifle Model K98 from the creative genius of Paul Mauser and his brother Wilhelm. This rifle was manufactured in Germany during the period of secret German rearmament for use in what became World War II. The Mauser design is the basis of nearly all modern bolt-action rifles. This rifle has been factory overhauled and brought to near-new military condition. It has a near pristine military finish and is completely in its original military configuration.
